## 2024\_28\_III\_OOPS Using Java Lab

### 2028\_REC\_OOPS using Java\_Week 3\_Q2

Attempt : 1

Total Mark : 10

Marks Obtained : 10

#### **Section 1 : Coding**

##### **1. Problem Statement**

Monica is interested in finding a treasure but the key to opening is to get the sum of the main diagonal elements and secondary diagonal elements.

Write a program to help Monica find the diagonal sum of a square 2D array.

Note: The main diagonal of the array consists of the elements traversing from the top-left corner to the bottom-right corner. The secondary diagonal includes elements from the top-right corner to the bottom-left corner.

##### ***Input Format***

The first line of input consists of an integer N, representing the number of rows and columns.

The following N lines consist of N space-separated integers, representing the 2D array elements.

### **Output Format**

The first line of output prints "Sum of the main diagonal: " followed by an integer, representing the sum of the main diagonal.

The second line prints "Sum of the secondary diagonal: " followed by an integer, representing the sum of the secondary diagonal.

Refer to the sample output for formatting specifications.

### **Sample Test Case**

Input: 3  
1 2 3  
4 5 6  
7 8 9

Output: Sum of the main diagonal: 15  
Sum of the secondary diagonal: 15

### **Answer**

```
import java.util.*;  
  
public class Main{  
    public static void main(String[] args){  
        Scanner sc=new Scanner(System.in);  
        int n=sc.nextInt();  
  
        int[][] matrix=new int[n][n];  
        for(int i=0;i<n;i++){  
            for(int j=0;j<n;j++){  
                matrix[i][j]=sc.nextInt();  
            }  
        }  
  
        int md=0,sd=0;  
        for(int i=0;i<n;i++){  
            md+=matrix[i][i];  
            sd+=matrix[i][n-1-i];  
        }  
    }  
}
```

```
        }  
        System.out.println("Sum of the main diagonal:"+md);  
        System.out.println("Sum of the secondary diagonal:"+sd);  
    }  
}
```

**Status :** Correct

**Marks :** 10/10
